**Re: Guest confirmation on 'Tech to Take the HEAT!'™ (<http://tttth.tv>) televised on the 'Bold Brave TV Network,' Tuesday, \_\_\_\_\_, 2023, at noon EST.**

Dear \_\_\_\_\_:

I am honored you've agreed to be my guest on 'Tech to Take the HEAT!'™ broadcast LIVE on the Bold Brave TV Network Tuesday, \_\_\_\_\_, 2023, at noon EST (9:00 AM PST) to discuss every aspect of:

\_\_\_\_\_

I so appreciate your acceptance to join me and the invitation to include \_\_\_\_\_, \_\_\_\_\_, and \_\_\_\_\_, \_\_\_\_\_, to help my viewers/listeners genuinely understand the application of each of our life experiences and learned lessons to continue:

**<http://ToMakeADifferenceForOthers.org>.**

The following is a list of inquiries inspired by Sarah Centrella, author of "Hustle, Believe, Receive," to help formulate your presentation for YOUR show:

1. When did you first identify your dream?
2. Who did you want to be?
3. What did you want to accomplish?

# 'Tech to Take the HEAT!'<sup>TM</sup>

**Guest Call-in: (866) 451-1451**

4. Tell me your story.
5. How did you get from that idea to where you are today?
6. Was there ever a time when you felt like giving up?
7. What was the biggest obstacle that you faced while on your journey?
8. How did you get through it?
9. Why didn't you quit then?
10. What was your drive/"Hustle" when you started pursuing your passion?
11. What is it now?
12. Did you ever visualize your future success?
13. If so, how do you think that visualization impacted your outcome?
14. What is your advice to our viewing/listening audience for all who are just starting to live their dream?

Next, please review and complete the attached **'Show Itinerary'** on Page 3 as an opportunity to list up to three (3) bullet points in each of the five (5) eight-minute sessions to engage before our final four-and-a-half-minute close.

Lastly, please complete the **'Guest Narrative'** to provide our audience a brief introduction of who you are that we may expand our foundation to discuss every detail of your vision, mission, and message to our world. May your week be filled with joy, and those we touch reflect the light of your soul like never before!

We will need to set a time at your earliest convenience to practice on ZOOM call to adjust lighting, background, and camera positioning before we go LIVE on our dedicated link literally moments before 12:00 PM EST (9:00 AM EST). Please do not hesitate to call at any time, especially as our broadcast date approaches.

Respectfully submitted,

\_\_\_\_\_  
Richard William Hoffmann, Sr.
